Governor Undecided About Fate of Sales Tax Bill

REPORT SAYS IRAN PRIME MINISTER WILL RESIGN AS RESULT OF DESERT KILLINGS

Tehran, Iran (AP)—Sources close to the Iranian government said today Prime Minister Hussein Ala has told associates he will resign as result of the desert bandit massacre of three Americans.

These informants said his resignation will be announced Wednesday, after the departure of West German Chancellor Konrad Adenauer, now in Tehran as a government guest, so as "to prevent embarrassment" to Adenauer.

The sources said Dr. Manucher Eghbal, vigorous president of Tehran University, court minister and close associate of the Shah will be proposed as new premier.

The change reportedly was to give the government a stronger hand in dealing with banditry and tribal defiance of the government.

Earlier, the United States announced that the Point Four program in southeast Iran has been suspended until the killers are caught.

The American victims of the bandits were Mrs. Anita Carroll and her husband, Kevin, a U. S. Point Four program official; Brewster Wilson, who is development specialist for the Near East Foundation. Mrs. Carroll's body was found yesterday two miles from the spot where her husband, Wilson, and two Iranians were slain in ambush a week ago Sunday.

Former High Bank Official Shot To Death

Chicago, (AP)—A former high official of a bank prominent in the Orville Hodge financial scandal which rocked Illinois last year was kidnapped and shot to death last night on the South Side.

Police reported Leon Marcus, 61, former board chairman of the Southern Bank and Trust Co., was seized and dragged into an auto as he left a friend's home.

Alfred Rado told police Marcus had \$8,000 in cash on his person when he left Rado's house. Officers found a total of \$3,804.25 in the victim's pockets of which \$2,200 was in traveler's checks. Marcus' left trouser pocket was torn, police said.

William J. Tuohy, acting chief of detectives, said the motive of Marcus' slaying was "definitely not robbery." He did not elaborate.

His body was discovered in a (Turn to Page Seven)

Drastic Plan To Make Car Owners Show Responsibility

Harrisburg (AP)—Gov. Leader today drafted legislation to require every automobile driver to prove his financial responsibility.

The governor said that four administration bills will be introduced "to protect innocent victims of financially irresponsible car owners and operators who use Pennsylvania's highways."

Leader, in previous discussions of the plan, said it was not exactly "compulsory auto insurance" legislation. However, opponents have called it a type of compulsory insurance.

The four administration bills would:

Require an insurance policy for all motor vehicles, except in cases where the owner has some other means of establishing financial responsibility.

Create a fund out of which uncollectable claims would be paid. Establish an assigned risk plan by law for car owners who are unable to obtain insurance through normal channels.

Authorize the impounding of cars violating the financial responsibility requirements.

College Professor To Be Guest Conductor for Band Festival

Guest conductor for the Warren County Band Festival at Eisenhower High School on Friday, April 5, will be Herbert W. Harp, director of Fredonia Teachers College Concert Band.

Five county high schools will be represented in the group of 100 instrumentalists spending the day at Eisenhower in intensive rehearsal under the baton of Mr. Harp and presenting a concert for the public at 8:00 p. m. in the school auditorium. Tickets may be had from any of the participating schools, Warren, Sheffield, Youngsville, Tidoute or Eisenhower.

Mr. Harp, associate professor of music and trumpet instructor at Fredonia, has been director of the Concert Band since 1946. He is also first trumpeter in the Erie Philharmonic Orchestra and Fredonia Chamber Orchestra, and formerly played trumpet in Syracuse and Utica Symphonies.

Historical Festival Opens in Virginia

Jamestown, Va. (AP)—The state of Virginia opens an eight-month historical festival today on this tiny James River Island where, 3½ centuries ago, the new world was born.

A nearly perfect replica of the first permanent settlement in the new world has been built.

Offshore lie duplicates of the three flaxen-sailed ships which, in 1607, brought the 105 colonists from England—the Susan Constant, the Godspeed and the Discovery.

There are duplicates too of the palisaded fort built by the settlers for protection from the Indians; of Powhatan's lodge, home of the famed Indian chief; and of the glass house, where the colonists manufactured glass.

Aramburu Regime In Argentina Is Facing New Crisis

Buenos Aires (AP)—A sharp dispute with air force leaders and younger officers today shook Provisional President Pedro Aramburu's regime.

Observers wondered how many more of the recurrent crises his government could survive.

Aramburu struggled to keep control over the defiant air officers, angered over the President's postponement of a general election to pick a constitutional government and his dismissal of Commander Julio Cesar Krause, the air minister. The resulting crisis was considered the gravest since Aramburu's government assumed power Nov. 13, 1955.

The air officers' objection to the change in the election date and their demand for Krause's reinstatement have now been subordinated to their defense of the air force's tender pride. The airmen themselves appeared split, with the older officers inclined to a compromise and the younger ones trying to make a big issue of their differences with Aramburu.

Aramburu was understood to be striving for a compromise to assure continued support of his regime by all three armed services. A majority of the army and virtually all the navy support his election plan.

Aramburu told Argentina Saturday (Turn to Page Seven)

Two Jet Training Planes Scrape But Nobody Hurt

Pittsburgh (AP)—Two jet training planes taking part in Air National Guard maneuvers scraped yesterday high above Pittsburgh. One craft crashed in North Park. The other landed safely at the Pittsburgh Airport. Neither pilot was hurt.

Capt. James E. Henderson, 35, of Waynesburg, was hurled from his diving F-84 jet by an automatic ejector seat. He floated slowly to earth as thousands of persons in North Park watched.

His plane crashed about a mile from the 9th fairway of the North Hills Country Club golf course. Four youths were playing 100 yards away.

The other jet was piloted by Capt. Thomas Nale of Morgantown, W. Va. He returned to Greater Pittsburgh Airport. There was no official word that his plane had been damaged.

Henderson said he did not see "the craft that hit me."

Mount Union Has Half Million Dollar Blaze

Mount Union, (AP)—An early Sunday morning fire in the main business section caused an estimated half million dollars damage and cut Mount Union off from all but emergency telephone service for 24 hours.

Seventy-five telephone company technicians worked around the clock to rebuild the city's phone exchange located next to the J. S. Shapiro and Sons, Inc., furniture store.

They telephoned the five apartments above the furniture store and succeeded in rousing the 10 occupants who fled safely. Officials credited the operators with averting a disaster. They were carried to safety themselves from a rear balcony.

PROBE SPURS DEMAND FOR LEGISLATION

By FRED S. HOFFMAN
Washington (AP)—The Senate investigation of alleged finagling by Teamsters Union officials is spurring demands that Congress act to safeguard the rights of the laboring man.

Such demands were voiced over the weekend by Republican and Democratic senators, by Secretary of Labor Mitchell and by Americans for Democratic Action.

Proposals ranged from greater protection of "democratic processes" in unions to closer policing of union funds.

There was some talk that the Senate probe might build a fire under a drive for enactment of more state "right-to-work" laws, which outlaw the union shop. Eighteen states already have them. The possibility was raised too of a federal "right-to-work" law.

Debate arose over whether the disclosures would set back the labor movement. Senators Ives R. NY and Kefauver D-Tenn said they feared this would happen. Mitchell disputed this view.

Sen. McClellan (D-Ark), chairman of the Senate Rackets Investigating Committee, said yesterday, "I wouldn't, as a result of these hearings, simply undertake to (Turn to Page Seven)

Boy Choir Concert Much Enjoyed By Capacity Audience

The first of two performances by the Warren Boy Choir was enthusiastically received Saturday night in Beatty Auditorium by a capacity audience which enjoyed an evening of musical entertainment marking the tenth anniversary of the well known chorus.

The program will be repeated this evening at eight p.m. for those who missed the Saturday performance and there are still tickets available which can be purchased at the door. Admission is \$1.00.

Comments from the large audience indicated that this year's Boy Choir is probably the finest in the ten year history under direction of Byron Swanson. The quality and finesse of the youthful soloists was particularly noteworthy as Mr. Swanson presented his Stars on Parade.

In this part of the program individual boys sang popular, show business, musical comedy, folk music, and even calypso to the delight of the concert-goers. And ending the performance was a group of American jazz tunes presented in modern style with special lighting and stage routines by Richard Rapp.

Early in the program the Choir displayed its excellent training and beautiful tone quality singing a group of religious selections, three German songs, and a group of secular numbers.

Opening the show in their striking crimson robes with gold sashes, the boys changed to a smart black and white ensemble with black four in hand tie which later gave way to a red scarf for the closing production numbers.

The choir is hoping for another full house tonight to help them observe their tenth anniversary.

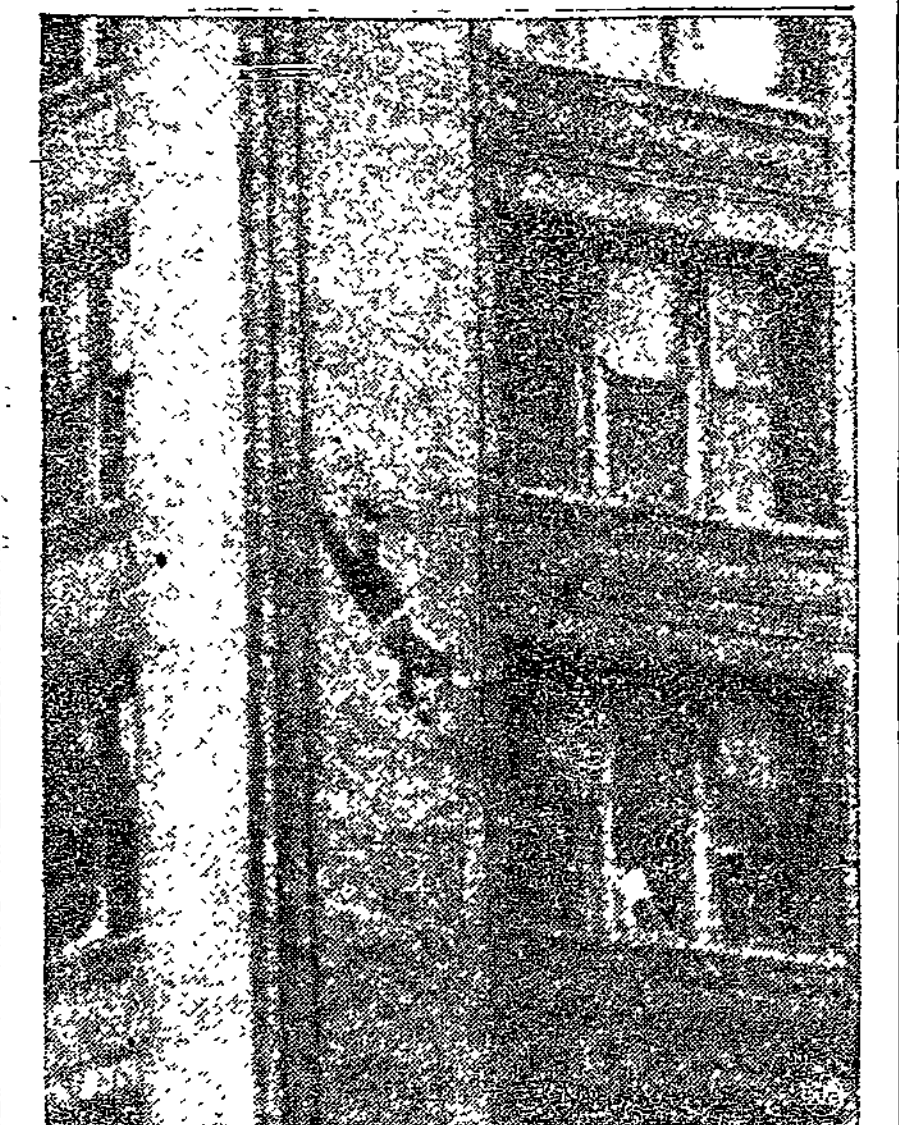

Coveted New Award Is Received by Jaycees

Robert E. Geiger, president of Warren Junior Chamber of Commerce, received over the weekend the coveted award of the National Jaycee organization for "Operation Civic Service."

Adopted by the U. S. Junior Chamber of Commerce "for the purpose of assisting local organizations in developing a well-rounded calendar of activity." Operation Civic Service took in many phases of local activity.

Among projects carried out to win the award for Warren Jaycees were their July Fourth Celebration, Halloween Parade, Bicycle Road-E-O, Christmas activities, Get-out-the-Vote campaign, Jaycee Week, Junior Tennis competition, and other general activities.

Dulles Biography Describes Withdrawal of Aswan Dam Aid "Calculated Cold War Gambit"

By WARREN ROGERS JR.

Washington (AP)—Secretary of State Dulles' biography says his sudden withdrawal of the Aswan Dam aid offer to Egypt last July was a carefully calculated "cold war gambit" comparable with the Korea and Formosa "brink of war."

The new book, based partly on personal interviews with Dulles, was written by John Robinson Jack Beal, Time magazine's diplomatic correspondent in Washington. It is being published April 3 by Harper & Bros.

Beal is the third time man in recent months to comment publicly on Dulles' diplomacy.

The others were C. D. Jackson, Time vice president and former special assistant to President Eisenhower, and James Shepley, Time bureau chief in Washington.

Jackson told investigating senators last March 18, in elaborating on a speech at Toronto six days earlier, that "the United States had been looking for a situation somewhere in the world where it could call the Russian economic bluff—that situation developed in Egypt."

On that point, Beal wrote that Dulles was convinced Russia could not deliver effectively on all her economic aid offers.

Shepley was the author of the January, 1956, Life magazine article which said Dulles' diplomacy took the United States "to the brink of war" in Korea, Formosa and Indochina.

Beal, in his biography of Dulles, added a fourth brink of war: the Middle East.

He wrote that this happened after the Russians threatened to send "volunteers" to Egypt to fight British and French troops moving into the Suez Canal area last November.

Beal noted Dulles by that time was hospitalized for cancer surgery.

"Eisenhower's reaction . . . was to follow the Dulles doctrine that stopping an enemy at 'the brink' was the best way of avoiding war," he wrote.

"Through public warnings, reinforced by messages instructing Ambassador Charles E. Bohlen in Moscow to make the meaning plain to the Kremlin's leaders, the President served notice on Russia that the United States would use force to prevent any such move."

SCHOOL FIRE

Pittsburgh (AP)—Fire yesterday caused an estimated \$10,000 damage to the Mooncrest elementary School in suburban Moon Township. Cause of the fire was not learned immediately. Fire Chief Charles Belgie, who estimated the damage, said the blaze was confined to one classroom of the one-story, six-room brick building. It was the second fire at the school in less than a year.

CHIEF EXECUTIVE HAS NO COMMENT AFTER CONFERRING WITH LEGISLATIVE LEADERS

Harrisburg (AP)—Republicans—rejecting compromise—left it squarely up to Gov. Leader today to approve or veto without change a new sales tax exemptions to manufacturers, utilities and shipyards.

The governor has until midnight Thursday to make up his mind on a course of action—one that will bear on the length of the 1957 Legislature and possibly carry overtones into the 1958 gubernatorial campaign.

A veto without any further action by the Republican Legislature would mean an automatic cut in the 3 per cent sales levy to 2 per cent June 1 and a revenue loss of as much as 160 million dollars.

The governor and Republican and Democratic legislative leaders conferred for nearly two hours after supper at the Executive Mansion last night.

Leader declined to say whether he would veto the amendments but George I. Bloom, Republican state chairman, made the GOP position clear.

"We have found no evidence that the Senate amendments will result in the loss of any substantial revenue now being collected by the commonwealth under the present sales tax, nor do we know of any valid reason for recalling the bill to change the present amendments or to insert new ones," Bloom said.

The governor has been advised privately to veto the measure which he has described as "smacking of greed and tax-dodging." One of those pushing for a veto is Sen. John H. Dent, Senate Democratic floor leader.

Asked again specifically if he would veto it, Leader replied: "I'm still proceeding on the assumption that something can be worked out."

Bloom said the only room for compromise—and thus by separate legislation only—was in enforcement and procedural features of the sales tax law.

"We did agree however to review with the attorney general the provisions dealing with collection procedures," he said. "Any changes in these can be made in a separate bill."

Leader and Bloom said a representation from each side planned a conference with Atty. Gen. Thomas D. McBride during the day to sound out the possibility of agreeing on enforcement provisions.

Party caucuses of both sides are expected to feature sales tax discussions as the lawmakers returned to Harrisburg.

Bloom also told newsmen that the exemptions for manufacturers, utilities and shipyards were intended under existing law and the GOP found it necessary to express them more clearly because of adverse rulings by the Revenue Department.

Sen. Joseph M. Barr, Democratic state chairman, proposed in a weekend statement that the sales tax law, instead of being imposed on a selected list of categories, be made a general sales tax.

Flood Control For Salamanca Considered at Hearing Today

Salamanca, N. Y. (AP)—A public hearing was scheduled for today on a flood-control program for the Allegheny River in the Salamanca area.

Col. H.E. Sprague, head of the Pittsburgh district office of the U. S. Army Corps of Engineers, was to preside.

The engineers are seeking opinions on whether a flood-control program is advisable at this time. Sprague said yesterday the hearing would not consider the proposed Kinzua Dam and Allegheny River Reservoir at Warren, Pa. But he would discuss the dam as it would be related to Salamanca flood control.

In a Saturday development, it was reported that the Seneca Indian tribe has set out to show that a flood-control project that would eliminate need for the dam and reservoir could be built at a cost of 6½ million dollars less than that estimated by the engineers.

The Senecas would lose a large portion of their reservation in New York State if the dam were constructed. The Senecas have hired Dr. Arthur E. Morgan and Barton M. Jones, flood-control experts to study a proposal under which water that could cause flooding would be drained into Lake Erie via a canal, a plan the Army has said would be too expensive. Morgan and Barton have said that the Army made an error in estimating costs for excavation of the canal.

Commission Urges Elimination of Pa. School Authority

Harrisburg, (AP)—The Governmental Reorganization Commission today recommended elimination of the State School Building Authority—a pioneer in the nation's school building movement.

In a report submitted to the Legislature the commission favored transfer of the authority's duties to the General State Authority, the borrow and build agency of state government.

At present the school authority can borrow money and construct school facilities for cooperating districts throughout the state. The building is rented to the district and rentals go toward paying off bonds that raise the money.

The commission proposed that the GSA lease all new school buildings it constructs to the department of property and supplies which would in turn sub-lease them to school districts.

"If a school district fails to make its covenanted payments to the Property and Supplies Department," the commission said, "that department should so inform the (Turn to Page Seven)

Attempt Is Being Made To Pin Egypt Down on Agreement

Washington (AP)—The United States is trying to pin Egypt down to a Suez Canal agreement protecting the interests of Western users.

U. S. Ambassador Raymond Hare yesterday handed the Egyptian government the preliminary U. S. response to Egypt's proposal for running the international waterway.

The response, described as "constructive," was intended to invite further negotiations.

Some changes were understood to have been suggested, in line with U. S. support of (1) the six principles adopted last Oct. 13 by the United Nations Security Council and accepted by Egypt then, and (2) the U. S.-British-French-Norwegian interim plan for turning over half the tolls to an international agency pending a long-range settlement.

Gasoline Washed Into Creek Causes Excitement

Glenholden, (P)—Gasoline washed into a creek as a safety measure after a leak developed in a service station tank, caught fire as it flowed through storm sewers yesterday.

Manholes covers were blown into the air as the gasoline was ignited in the sewer lines. The gasoline was discovered seeping to the surface in the station operated by Harvey Krouse in this Philadelphia suburb. Firemen washed it into a creek behind the station.

As the gasoline ignited firemen were able to trace the blaze by the smoke billowing from culverts.

They called for help from nearby communities and put out the flames with a chemical extinguisher. No one was injured.

Many Experiments Necessary Leading Up to the "Jet Age"

New York, (P)—A big airline is flying paper jets around various parts of the world and through a giant computer today. That way it hopes to save tidy sums of money when it enters the jet age with its 300 million dollar purchase of the new speed kings.

The jets are really on paper and their flights are strictly through the machine. But they simulate every between-city route, and in a wide variety of altitudes, equipment, fuels, official rules, and weather conditions.

Up comes the answer that the people at Pan American World Airways most want to know: The cheapest cost per ton miles. The airline thus hopes to be ready when it gets delivery, starting in December, 1958, on the 48 jets and spare parts it has on order.

Next the specifications on all other jets now being produced or planned will take the same paper up through the IBM 705. And out of the big machine will come perhaps, a valuable guide to future purchases of more jets.

The line is also learning in advance how much longer some runways would have to be if jets are to carry economical pay loads on certain existing or potential routes.

If this data were worked out by hand, it would take one month per plane, according to John S. Woodbridge, Pan Am controller. With the mechanical brain the job can be done in a half hour.

It takes much longer than that to get the program set up and into the machine. But much of the material can be used over and

over for different planes and different flight conditions.

For each paper jet being tested, technicians prepare 69 punch cards. Of these 45 describe the plane's various attributes. These include allowable takeoff or landing gross weight as limited by runway lengths at varying structure, climb requirements and surrounding terrain, basic weights of the jets, fuel capacity, and the like.

The other 24 cards deal with the route between the two cities involved, such as distance, departure and destination airports' elevations, runway lengths and temperatures, wind values, fuel prices and distance and other required data on an alternate airport if needed.

These 69 cards for each of the various jets on order—Boeing and Douglas—are put through the machine, at several different altitudes of flight.

Pan Am is thus learning what plane is most economical under what conditions—and what routes are too short, or airport runways too skimpy, for any but highly expensive ton-mile costs.

Enjoyable Program Is Presented by School Carolers

Entertainment by the Warren High School Carolers in presenting three groups of songs at the Warren State Hospital Auditorium Thursday evening, was enthusiastically enjoyed by a large audience of patients and hospital attendants. The Carolers were under direction of Carroll Fowler, who also accompanied on the grand piano.

"Mary Had a Little Lamb," "Lovely to Look At," "The Erie Canal" and "Cindy" made up the first group of songs. The second group of six featured three soloists: Jay Kimmel, tenor, Arthur Elder, hillbilly favorites; and Sue Lawson, soprano, "Safely as in the Morning" and "He" were young Kimmel's selections while Guitart Elder chose "Love Me" and "Old Time Religion," the latter a favorite of his mother's Miss Lawson sang "Blue Skies" and "It Had to Be You."

Included in the final group of selections were "Ten Little Indians," "Etude Los Chorus," "Make Believe" and "One World." The Caroler chorus was made up by the following singers: Martha Anderson, Daniel Anthony, Clyde D. Baker, Suzanne Barone, Dolores Belcher, Barbara Berlin, Clarence Briggs, Rose Camberati, Mary Constable, Joseph Currie, Sally DeLong, Arthur Elder, Nancy Ennis, Eugene Erickson, Beth Francis, Donnie Genberg, Tom Gibson, Jim Magan, Mary Hagstrom, Kay Holmberg, David Honhart, Helen Honhart, Robert Bulings, Judy Hutchens, Nancy Jensen, Craig Johnson, Cynthia Johnson, Susie Johnson, Patricia Kenneally, Jay Kimmel, Luanna Lane, Nancy Lannan, Patty Lannan, Raymond Lauffenberger, Linda Little, Susan Lawson, Jill Madden, Leona Mead, Carolyn Murman, Nanci Nichols, Rodney Nicklas, John Nosen, Ronald Nuhfer, Richard Pascuzzi, Carol Pascuzzi, Marian Reed, Martha Reed, Maurice Percy, Mark Peterson, David Reagle, John Rich, Marilyn Rieder, Russell Rudolph, Jim Ruhman, Sally Simenson, David Solack, Suzanne Spattifer, David Spencer, David Trauffer, David Webster, Larry Wellacher and Gail Wyman.

Interesting Program Enjoyed By Forest Co. Electric Club

(Release from the Forest County Agricultural Extension office.)
The Short Circuits second year 4-H Electric Club of the Nittown and Tionesta area met with the Fuseblowers, West Hickory's first year Fun with Electricity Club for the round-up in the West Hickory schoolhouse.

Barbara Porterfield, president of the West Hickory Club, was in charge of the meeting, which was attended by 35 parents, friends, and members. Secretary Kenneth Redick read the minutes and called the roll.

Joe Riesenman, residential and commercial sales manager of the Pennsylvania Electric Company, gave a talk on the importance of teachers and leaders in the training of boys and girls. To demonstrate progress in science, Riesenman put a small new-type light bulb in his mouth for a few minutes. The reaction of saliva on the chemical coating of the lamp caused the bulb to light for a period of over 20 minutes. This change of chemical energy to electricity may have many applications in modern science, said Riesenman.

A motion picture provided by the Pennsylvania Electric Company entitled, "Eager Minds," was then shown.

Next, a play, "The Minutes of a Ghost Convention," was given by the Short Circuits Club. The Fuseblowers then presented a play en-

titled, "The Wire's the Thing." Each member exhibited a lamp made as part of the 4-H project. These were judged by Club leaders J. R. Alito, Newmansville; John Catlin, West Hickory, and Leo Williams, West Hickory. These leaders and Kenneth Peterson, junior leader, instructed the members in the various phases of their work for eight meetings of each club.

After County Agent Russell M. Smith added each member's score for exhibit, safe practices with electricity at home, answers to the lesson questions, story on what each member did, and completeness of project book, Club leader Alito presented blue ribbons to John Gamble, Robert Osten, Bill McKee, and Darryl Peterson. Kenneth Lewis was awarded a third place ribbon.

In the first year club at West Hickory, Club Leader Williams gave blue ribbons to Barbara Porterfield, Wayne Vanderhoff, Violet Leonard, and Judy Redick. White ribbons were presented to Dennis Hinkle, Kenneth Redick, Gary Grubbs, Dolores Redick, Bonnie Leubard, and Donald Porterfield.

Mr. Riesenman gave each 4-H Club member and leader a ball point pen as a token of appreciation from the Pennsylvania Electric Company.

4,445 Miles of Streams in the State Approved For Stocking

A new total of 4,445 miles of streams in Pennsylvania approved to receive state reared trout has been announced by William Voigt, Jr., Executive Director of the Fish Commission. The total represents an increase of 337 miles since February 11. Also, on the approved trout stocking list of the commission, but unchanged in recent weeks, are 51 lakes, comprising a total of 8,434 acres.

Voigt disclosed the increase to be the difference between new additions to the list and streams removed from the list upon the recommendations of the Commission's fishery managers.

"For the most part," Voigt said, "the additions are the results of streams studies made at the request of sportsmen. These requested studies were worked into the

agenda of each of our fishery managers whose time, in part, is divided to a systematic inventory of the state's waters."

The director indicated that such requests are welcomed by the commission, and that they will continue to receive the attention of the fishery managers as promptly as they can be worked into scheduled agendas.

Voigt further stated that the total mileage of approved trout streams will change constantly as the managers proceed with their studies in their respective regions. He said, "When and where streams presently on the approved list of trout waters prove after study to be unsuitable for trout, such streams will be removed from that classification. At the same time, waters not presently being stocked with trout will be added to the stocking list if studies reveal adequate year-round flows of unpolluted water at sufficiently low temperatures and adequate supplies of natural food."

Another Rock 'n' Roll Dance Ends Riotously

Camden, N. J., (P)—A rock 'n' roll dance attended by nearly 5,000 teenagers broke up in wild disorder last night. Five Philadelphia youths were injured in the melee.

Police arrested eight youths, including the injured, who were treated at Cooper Hospital, across the street from Camden's Convention Hall where the dance was held.

Police Inspector Anthony Skolski said that before a number of fist fights erupted, a song youths had been ejected when they were seen drinking whisky. Those arrested were charged with disorderly conduct.

NOTICE---REPUBLICAN VOTERS OF WARREN COUNTY!

Because of other pressing duties I have been unable to see as many of you personally as I had hoped to in circulating my petitions to have my name placed on the Primary Ballot as a candidate for nomination to the office of Coroner of Warren County on the Republican ticket.

I hope that all my Republican friends will understand this fact and plan to go to the polls Tuesday, May 21, and vote for Ed C. Lowrey for Coroner—as an endorsement of the reverent and dignified manner in which this office has been conducted since January, 1926.

New Bridge Over The Allegheny at Tionesta Is Planned

A special article in the Titus-Herald says a new bridge across the Allegheny river at Tionesta is now on the State Highway Department construction list.

A second survey was completed recently for the proposed bridge, and is now in the hands of designers.

A public hearing will be held, when the designing of the new bridge is completed, to help determine the advisability of placing it in the same location as the present bridge.

The survey made this winter would place the structure about 750 feet to the north at an angle. Its entrance into Tionesta would be south of the present May street entrance.

According to the plans, the bridge will be inclined several feet above the present River Avenue. The highway will slope gradually from this height to its intersection with Elm Street.

The bridge will also be quite a

"GIRL" MEETS BOY—Luther Hawley registers two emotions—one of "extreme outrage" as the barber prepares to cut his girlish locks for the first time and the other of puzzlement as he gingerly feels the back of his neck where his curls used to dangle. The 27-month-old boy is the son of Mr. and Mrs. B. F. Hawley, of Midland, Tex.

bit higher at the Williams Street intersection than the present grading of that street.

The Mascaro and Morrison homes and a barn will have to be removed to make way for a 90-foot right-of-way on the east side of the river.

On the west side, the bridge will also mean the removal of a large yellow house belonging to Charles Carlson. Route 62 would be rerouted from a distance about half-way down the hill to the rear of the homes of the Koch families and Lawrence Leonard, swinging in a long, gradual approach to the new crossing. This will greatly reduce the steepness of the hill and eliminate the dangerous sharp turn at the bottom.

Tionesta residents will be invited to express their opinions as to the location of the bridge at the future hearing, which will be open to the public.

It was also announced that Routes 66 and 36 south of Tionesta have been closed as construction started at Ellis Corners. Detours are in force. When work is completed, the hump north of the intersection will have been removed, the hill leading up to it leveled and a partial cloverleaf intersection constructed.

Fine Speakers for Area Conference

Among special speakers who will be heard at the ninth annual Northwestern Pennsylvania Council for Social Studies, to be held April 11 at Edinboro State Teachers College, will be a professor of political science from Western Reserve University and a professor of transportation from Indiana University.

The Western Reserve man, Dr. Maurice Kram, will speak at a 2.30 p.m. session of secondary teachers, using the topic "Schizophrenia in American Politics."

While Dr. L. Leshe Waters, from Indiana, will use the theme "The St. Lawrence Seaway, Another Erie Canal?" when he addresses combined elementary and secondary instructors at 5:30 p.m.

Among other featured speakers will be Dr. Clara Cookerille and Dr. George B. Cressey.

This annual conference at Edinboro has grown in popularity each year, with more than 600 educators of northwestern Pennsylvania in attendance last spring.

Young Republicans Sponsoring An Interesting Essay Contest

A \$100 Savings Bond and the opportunity to compete for an all-expense trip to the National Young Republican Convention in Washington, D. C. June 19-22, are being offered as prizes in an essay contest sponsored by the National Young Republican Federation.

Announcement of the contest was made by Kenelm L. Shirk, Jr., Chairman of the Pennsylvania Federation of Young Republicans.

According to Mr. Shirk, the contest is open to all American citizens between the ages of 16 and 23 years, as of December 31, 1957.

The subject for essay participants is "The Republican Party's Attraction to Youth." Essays are limited to 300 words or less.

Official entry forms may be obtained from either the Penna. Federation of Young Republicans, 15 N. Front St., Harrisburg, Penna. or from Young Republican headquarters in the home county of the essayists. All entries must be received in State YR headquarters on or before April 15, 1957.

A panel of impartial judges will choose the one essay that reflects the best clarity of thought, originality and interest for the State YR prize of \$100. The prize-winning essay will then be forwarded as the official Pennsylvania entry in the national competition for the grand prize of the trip to Washington.

In announcing the contest, Chairman Shirk said, "It is our hope that young people will avail themselves of this opportunity to express their political beliefs."

"The Pennsylvania Young Republican organization," he continued, "is on record for granting the vote to 18-year-olds 'We know they are capable of sound and sensible political choices and expressions."

Rosemarv Mazon, vice chairman of the Pennsylvania YR Federation, is serving as essay-contest chairman.

Following the business, cards were played, with prizes going to Maye Hooven and Edys Wimer in canasta, and to Grace Osborn in five hundred. A delicious lunch was served by the hostess, assisted by Donna Agnew.

Music Boosters Association is planning to assist in securing new uniforms for YHS Band members. At a recent meeting, Mr. Barron, band leader, was instructed to gather information from various companies so that details could be considered.

Edward Turchan attended the recent Pennsylvania Counselors Association conference held in Hershey.

Harry Freeborough, aged 82, who died last Sunday at his home in Pittsburgh, was a brother of Merle Freeborough of Youngville.

BUDGET AND TAXES

In the long history of federal taxing and spending, the year 1957 may go down as one of the oddest, according to Bruce Blossat, in one of his editorials written for NEA Service.

He says the present situation began with President Eisenhower presenting a whopping 72-billion-dollar budget which Treasury Secretary Humphrey promptly said was too big. He continues:

Congress and the general public read this "dual approach" as reflecting deep uncertainty in the administration. The clamor for sharp cuts grew loud and continued long.

The President himself declined to review the budget and said Congress had the responsibility to make any savings possible. Congressional leaders bridled at this, but then sharpened their axes and started hacking at the budget anyway.

Meantime, the pressure from back home has gone on unabated. Mail has poured into lawmakers' offices from all corners. Economy is the watchword. Clearly the legislators are impressed.

Now busy chopping the budget to smaller size, they suddenly have begun again to talk of tax reduction. Since none wants to see deficit financing, they evidently believe that they can bring expenses down to a level where tax cuts still will leave the budget in balance.

This mood is a far cry from the dark mutterings which greeted the new budget proposals in January. Of course key lawmakers indicate that any tax relief voted would not be likely to take effect before Jan. 1, 1958. But even that would be a pretty bright prospect for millions of taxpayers who had perhaps come to feel that tax reduction was something they might only read about in the history books.

Admittedly, there are the usual political motivations behind this congressional thinking. The Democrats fear Republicans are going to propose tax slashes next year, and want to jump in earlier to get the credit.

But from the citizen's viewpoint these factors are not necessarily vital. If the budget can be trimmed to the point where cuts are feasible, that will be widely welcomed.

What does matter is that budget paring and tax reduction not be accomplished at the cost of the military safety and the general well-being of the country. No sensible American wants economy whose price is to increase our peril from abroad and heighten our already difficult problems at home.

In presenting the Junior Chamber of Commerce with a check for \$158, raised through a "tag day" project in 1936, to be added to the fund for tennis courts at Beaty Field, the Woman's Club is setting an excellent example similar organizations might well adopt as an aid to promoting recreation facilities for young folks of the community. And in passing it might be mentioned the Club is sponsoring a public party Saturday, May 25, the proceeds from which will go towards the swimming pool fund.

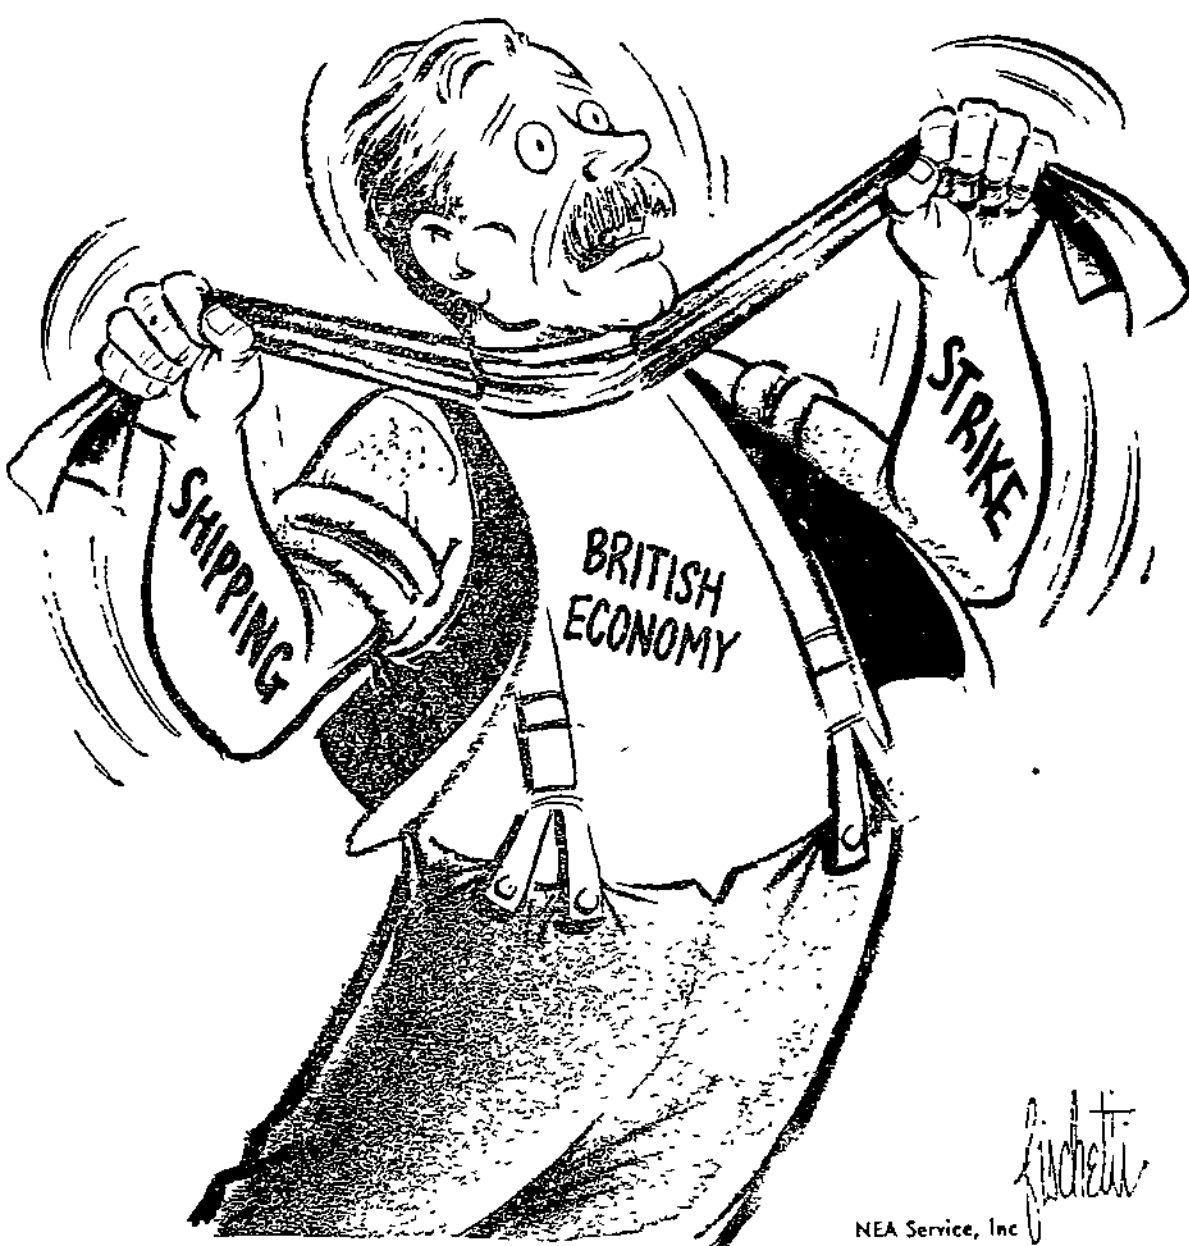

With the date for the event only ten days off it is not surprising to learn that half the tickets have been purchased for the concert of the Pittsburgh Symphony Orchestra to be presented in Beaty Auditorium on the evening of Wednesday, April 10th, under the auspices of the Manufacturers Light and Heat Company, which pays all the expenses and donates all proceeds to a Community project, which in this case will be contributed to the swimming pool and youth canteen funds, administered by the Warren Recreation Board. This is without doubt the outstanding musical presentation of the year for the Warren area and those planning to attend should secure tickets as early as possible since the number available, naturally will be limited to the capacity of the auditorium.

THOUGHTS FOR TODAY

Finally, brethren, pray for us, that the word of the Lord may have free course, and be glorified, even as it is with you.—II Thess. 3-1.

Pray to be perfect, though material leaven
Forbid the spirit so on earth to be,
But if for any wish that darest not pray,
Then pray to God to cast that wish away

A widely known young organist, Jerry Pander, will present and organ recital at the Easter Sunrise service at Cook Forest Park Easter Sunday morning April 21. The young musician is from New Castle, and is a graduate of the New Castle High School. He has been featured at six previous Sunrise Services at Cook Forest. He has also previously appeared in churches and theaters in Chicago, Hot Springs, Cleveland and Columbus, Ohio. At the Easter Sunrise Service at Cook Forest, Pander will begin his recital at 6:30 a.m. Program Chairman, Frank Hamner announced that a choral choir composed of high school students from Clarion, Forest and Jefferson Counties will be featured at the service. Chairman Hamner said further that the program is taking shape and is expected to be the most outstanding since the presentation of the first service of its kind six years ago. Chairman Hamner stated that "Hundreds of letters have gone to individuals and places of business over a wide area of the state, requesting contributions to aid in defraying the Easter Sunrise service expenses. Washington Letter

BY PETER EDSON, NEA Washington Correspondent

WASHINGTON—(NEA)—President Eisenhower's special ambassador to the Middle East, ex-Congressman James P. Richards of South Carolina, sprang a surprise on his third stop at Ankara, Turkey.

In an unnoted communique issued with Turkish Prime Minister Adnan Menderes, Ambassador Richards declared that, "The United States is prepared to offer financial assistance towards several joint projects of a regional nature which have been considered by the economic committee of the Baghdad Pact."

This is the first time any American official has crawled out on that limb. Up to now, the Eisenhower Doctrine line has been that the United States would consider only short-range projects within separate countries.

This has been in keeping with past American policy to give aid only under country-to-country, bilateral agreements.

THE RICHARDS STATEMENT at the Turkish capital did not list specific projects. But the building of a new pipeline from Iran to the Mediterranean, through Turkey and bypassing Syria and Israel, is known to be high on the list.

Construction of a through, direct railroad line from Turkey to Iran and possibly on through Pakistan and India, has been the dream of promoters for many years.

More international highways through the Middle East have been recommended to promote trade in the area.

Anything that will promote communication in these isolated countries will be a help not only to their economic development, but to their national and collective self-defense as well.

Strictly on the defense side, the construction of a radar screen across the northern tier of Baghdad Pact countries, incorporating Turkey, Iran, Iraq and Pakistan, has been suggested as a logical next step.

THE FACT THAT Ambassador Richards mentioned the Baghdad Pact economic committee is considered significant. The statement was issued the day after President Eisenhower declared at Bermuda that the United States would join the military committee of the Baghdad Pact.

This latter news was given big headline treatment. The principal reason may have been that no other news of importance came out of Bermuda that day. But it was oversteering the case to say that the United States is going to join this alliance.

Plans for closer cooperation with the Baghdad Pact countries have been in preparation by the U.S. State Department and the Pentagon for some time.

Americans sat in at military committee meetings as "observers." In the future they will be active members and will take part in Baghdad Pact planning.

BUT THE UNITED STATES will still not be a full-fledged partner. To join the organization formally would require Senate ratification of an international treaty.

This would probably be forthcoming if President Eisenhower asked it. There is no intent to make that final tie now.

To do so might alienate Saudi Arabia, Jordan, Lebanon, Israel and India. Egypt and Syria oppose it naturally.

Furthermore, to join one more defense alliance might overextend American defense capabilities. The line would circumnavigate the globe and completely surround the Communist orbit, except for the India-Burma frontier with Red China.

SOCIETY

Russell Fire Auxiliary Plans Mass Care Center

Russell—Mrs. B. J. Messerly and Mrs. A. P. Yerg, Warren, were guest speakers for the regular meeting of the Fire Auxiliary and started formation of a Mass Care Center for Civil Defense. They were accompanied by Mrs. David Smith and Mrs. Frantz of Warren.

Mrs. Paul Lindell presided for the Auxiliary business session, when reports were given on the recent open house and doughnut sale at the auction. Donations of \$5 each were voted to the Crippled Children's and Cancer Funds. Mrs. David Akeley and Mrs. Paul Wade will have charge of cleaning the kitchen in April; it was voted to hold a rummage sale April 26-27 and a bake sale on the second day. Mrs. Charles Miller will head the rummage sale committee and Mrs. William Lyon will supervise the baked goods.

It was also decided to serve a smorgasbord some time in early May, with Mrs. Mary Schreengost as general chairman. The report by the treasurer showed a balance of \$735.42. To serve as committee for the April meeting will be Mrs. Harold Holcomb, Mrs. William Martin, Mrs. Edna Safford and Mrs. Floyd Burkholder.

Following the meeting, Mrs. John Anderson, Mrs. Elmer Roberts, Mrs. Richard Miller and Mrs. John Nelson served lunch.

GLEE CLUB TOUR

Announcement is received from Providence, R. I., that Stephen H. Coe, son of Mr. and Mrs. Paul H. Coe of 222 Conewango avenue, will sing with the Brown University Glee Club on its spring tour this week. A graduate of Warren High and freshman at Brown, Steve is a candidate for the bachelor of arts degree.

This year's tour of the glee club includes visits to Manchester, Conn., April 3; Philadelphia, April 4; Washington, D. C., April 5; and Chappaqua, N. Y., April 6.

PLEASANT PTA

Claire Elliott, Children's Aid Society, will be guest speaker for the April meeting of Pleasant PTA at 8:00 p. m. Tuesday, speaking of "The Underprivileged Child and His Future." All township parents are urged to attend.

IN APPRECIATION

I wish to express my sincere thanks and appreciation to all who sent flowers, cards, and gifts and to all who visited me during my recent illness at Clearfield hospital.

Otterbein Glee Club Is To Sing in Youngsville

The Otterbein College Women's Glee Club, from Westerville, O., will present a concert at 8:00 p. m. Tuesday in Youngsville Evangelical United Brethren church and a cordial welcome is extended to all interested friends.

Under the direction of Prof. L. L. Shackson, the club is comprised of 38 women from the various departments of the college. Each year the group makes an annual tour in various sections of the country, this year's trek taking the singers through northern Ohio, Pennsylvania, New York and Canada. During the jaunt, the club will give approximately 20 concerts in schools and churches.

The program is largely sacred music, typical compositions being "The Lord's Prayer" by Malotte, "Beautiful Saviour" by Christiansen, "God Hath Now Ascended" by Gallus, "Omnipotence" by Schubert, "Salutation" by Gaines, and a negro spiritual, "Listen to the Lambs."

JUNIOR CLASS PLAY AT YOUNGVILLE HIGH

Miss Kathy Adams, faculty member, will coach the junior class production, "Let's Face It," at Youngsville High School auditorium on Thursday and Friday evenings of this week. Curtain time will be 8:00 p. m. for both performances and tickets may be had from any member of the class.

To be seen in the cast for this three-act comedy "about the wacky Carr Family," will be Jack Brennenman, Carol Brooks, Linda Rapp, Bill Moniak, Edith Olson, Ralph Spears, Judy Becker, John McCanna, George Brown, Louann Abraham, Mike St. Clair, Mary Bouchard, Rose Fill and Angie Randinelli.

YWCA SMORGASBORD

The YWCA cafeteria committee has completed its plans for the spring smorgasbord to be served April 6 in the YWCA gymnasium. The affair will be similar to one held in February for redecoration of the cafeteria, where patrons have found many pleasant changes in the dining atmosphere. Mrs. Barbara Olson and her staff will prepare dishes to be served on Saturday and those interested are urged to secure tickets and make reservations as early as possible at the "Y" office.

CATHOLIC DAUGHTERS

All members of Court Warren, Catholic Daughters of America, are urged to be on hand for the meeting to be held at 8:30 p. m. Wednesday, when officers will be nominated for election at the May 1st meeting. There will also be discussion at this time of plans for the annual Communion Breakfast, scheduled for April 28.

WITH MRS. WARRINER

Thomas Coke Circle of First Methodist church will hold its regular meeting at 8:00 p. m. Tuesday at the home of Mrs. C. F. Warriner, Clarendon RD 1.

South Street PTA Hears Fine Program on Polio

Members of South Street PTA enjoyed a fine program for their March meeting, Mrs. Robert Patchen, president, introducing Dr. Ross Brian as guest speaker. Using the theme "Polio Vaccine—The Community's Reaction," he presented an enlightening film, "Unconditional Surrender," produced by the National Polio Foundation.

In the discussion period which followed, Dr. Brian answered many questions and presented many facts concerning Salk Vaccine. He pointed out it takes but three spaced shots, and only 60 seconds of one's time per shot, to insure protection; and urged that everyone in the susceptible age group the advantage of the safeguard.

During the meeting, Mrs. Helen Jarvis led devotions and gave a reading regarding children. Among reports and announcements, it was stated the annual ice cream social will be held tomorrow; Ralph Eckert is taking orders for Easter eggs and boxed candy, and tickets will soon be available at the school for the famous Pennsylvania State University Blue Band Concert on May 1st.

It was announced the spring PTA conference will be held at Mercer May 4, with Mrs. Nicholas Hecei as unit delegate; a School of Instruction will be held at Sharon April 13, and a delegate will be named.

New encyclopedias for the school were on view; the March attendance award went to Miss Tillotson's second grade. The nominating committee for 1957-58 officers is headed by Mrs. David Demel, the auditing committee is in charge of Miss Phyllis Small. To conclude the evening, a social time was enjoyed and refreshments were served by first grade mothers under the chairmanship of Mrs. Albert Anderson.

SALEM LADIES AID Ladies Aid Society members of Salem EUB church are reminded of the change in their regular meeting, from 2:00 to 8:30 p. m., Wednesday in the social rooms of the church. Mrs. Hattie Ristau will be hostess and all women of the parish are invited.

WOTM PARTY TONIGHT Marie Buck, Mooseheart Alumni chairman of Warren Chapter 693, Women of the Moose, will sponsor a party of games for the public at the Moose Temple this evening for the benefit of the Easter Egg Hunt at Mooseheart.

At the regular chapter meeting Wednesday evening, winners of the six-months dues were announced, Mabel Bearfield and Vera Petrowski. This was a very well attended meeting and several important items were discussed.

NASSER BLASTS (US) PAPERS

Cairo (AP)—President Nasser issued a bitter blast at U. S. policy and what he reads "between the lines" in American newspapers. "The United States is aiming to starve us while the Soviet Union is aiming to help us," Nasser told a visiting group of 29 U. S. newspaper and radio editors. "We like to be friendly to the United States, but not as a result of pressure. As long as we have wheat and bread we will continue to resist pressure."

Exchange Students Will Make Visit To Youngsville High

Youngsville—On April 8, five Youngsville seniors will visit Lawrence Park High School. Returning with them will be five students studying there, four of whom are foreign exchange students. They will observe classes and participate in a special assembly. Included in the group is Susan Avery of Lawrence Park, who acts as moderator for the program.

This group of two boys and two girls includes students from France, Germany, Greece, and Sweden. While visiting in Youngsville, they will stay at the home of Louise Barton, Mary Ann Moniak, Susan Johnson, Roy Withington, and Bob Spencer.

A total of 70 juniors are taking part in the various jobs and responsibilities connected with the class play, "Let's Face It," which they will present to the public on April 4 and 5. This lively class has just completed a successful campaign of selling spaghetti. They are planning a spaghetti supper for some time in April.

On April 3, a science conference will be held in Erie. John Marshall and Floyd Waddell expect to go, and on April 4, 5, and 6, Mr. Tubbs and Mr. Frelich will attend a football clinic at Cincinnati, Ohio.

A total of 43 kindergartners and first graders attended the story hour at the library Tuesday. This work is taken over by Troop 1 of the Girl Scouts, who began preparing for it last year. The little ones enjoy stories, musical records, and games. The group meets Tuesday afternoons after school.

Opponent of McDonald Demanding Accounting

Pittsburgh, (AP)—Donald C. Rarick, who opposed David J. McDonald's bid for re-election as president of the United Steelworkers, wants him to make a public accounting of his campaign expenditures.

Rarick made his demand in a letter to McDonald that was released publicly Saturday. Rarick's letter said he spent only \$9,000 in his campaign.

McDonald and other international officials of the USW were not available for comment.

Rarick also sent a telegram to George Meany, president of the AFL-CIO, asking for an investigation of the Feb. 12 election. Ballots in the election still are being counted.

Central Labor Council Favors Wage Extension

Warren County Central Labor Council which represents labor and is composed of delegates from various union locals, has urged its membership to write their Congressmen and Senators asking them to give their support to this pending legislation. The bill to extend the minimum wage of \$1.00 per hour is still in committee. It is known as the Morse-Kelly Bill.

At the last meeting of the WCCLC, 3 committees were appointed to handle education, legislation and new members. Meeting date has been changed to the last Tuesday of each month. Time is 7:30 at the American Legion.

Ten-Year-Old Financier Has a Rude Awakening

Philadelphia, (AP)—For a while, Kenny Green, 10, thought the stock market was too good to be true. And, alas, it was.

Kenny, who lives in suburban Elkins Park, saved up \$100 earned by doing errands, shoveling snow and other chores. Through his father, he invested the money, buying five shares of stock in the Sperry-Rand Corp. Saturday, his first dividend check arrived. It was for \$120. One of the company's check-writing machines apparently goofed since the dividend should have been just one dollar.

Today the young financier is mailing back the check.

Controversy Over School Bus Service Wages in St. Marys

St. Marys, (AP)—Some Catholic parents in nearby Benzinger Twp. say they will send their children to St. Marys' overcrowded public schools if plans are carried out to stop transporting the youngsters by bus to parochial schools.

A number of the mothers and fathers told newsmen of their plans Monday night following a meeting of some 200 Catholic parents.

Up for discussion at the meeting was a recent notice by the Detsch Bus Co. that after April 1 it will stop transporting children from the township to parochial schools in St. Marys.

Richard Detsch, a co-owner of the firm, said he has a contract with the township to transport pupils. He said the township agreed to pay 2/3 of the cost and left the 1/3 balance for the church to pay.

Detsch said he had no agreement with the church. He said he served the notice because he has not received a payment from the church since the school term began.

The Rev. Timothy Seus, pastor of St. Mary's church here, said the church "doesn't expect to pay anything." He added that the whole matter rests with the parents. "It's their decision what they want to do," he said.

Father Seus said the church had made no arrangements with the bus company or the township to pay for transportation of parochial school pupils. He said some parents had arranged to pay transportation costs privately.

The controversy is an aftermath of a State Supreme Court ruling last year that under the present school code parochial school pupils may not be provided bus transportation at public expense.

Meanwhile, State Rep. William F. Renwick (D-Elk) says he is sponsoring legislation in the state legislature to amend the school code so that children of all faiths may be given public transportation to schools of their choice.

Elmira Is Accepted In Ny-Penn League

Buffalo, N. Y. (AP)—The Class D New York-Pennsylvania Baseball League is up to full eight-team strength today and, after a winter of aches and ailments, has been declared fit for action.

The favorable verdict was pronounced yesterday by league president Vince McNamara following a directors' meeting in Buffalo.

Formal approval accepting Elmira into the league was made at the meeting to raise the membership to eight.

Elmira formerly held a franchise in the Class A Eastern League but now plugs a hole in the NYP left earlier this month when financial troubles forced the withdrawal of Hornell.

The league now comprises Erie and Bradford, Pa., and Olean, Wellsville, Corning, Jamestown, Batavia and Elmira in New York. The season is scheduled to begin April 27.

Three Hurt in Series of Seven Traffic Accidents in the Area

Three persons were injured and approximately \$4,000 damage was sustained in seven accidents this weekend.

Reported in "fairly good" condition at Warren General Hospital this morning was Isabel Maines of 22 Plum street. She sustained four broken ribs and a right leg fracture when the car in which she was riding was involved in a collision at the Lily Pond at 6:10 Friday.

Driver of the car, Philip Maines, also of 22 Plum street, was hospitalized for fractured ribs and chin lacerations. The Maines were heading east on Route 6 when a westbound vehicle couldn't navigate the Lily Pond turn. Arrested for driving too fast for conditions was Frances Maizel, 29, of Youngstown, Ohio. He was treated at the hospital for face and arm abrasions.

The Maizel car had an estimated \$700 damages, the Maines machine, \$400.

At 5 p. m. Friday, slippery road conditions caused an accident at the corner of East and Second. Toni L. Callenberg, 18, of 322 Union street, was heading south on East and William R. Osterman, 17, of RD 1, Warren, was proceeding east on Second. Both hit the brakes and each other. Callenberg damage was \$300, Osterman \$100.

Friday at 7:40 p. m. 1 1/2 miles east of Warren on Route 6, Frederick A. Reist, 28, of RD 1, Warren, was in the process of passing another auto when he collided head-on with an eastbound machine driven by Arthur R. Temple, 35, of 113 Center street, Clarendon. Reist damages were estimated at \$150, Temple damages at \$250.

At 1:15 a. m. Saturday on Route 6 two miles west of Youngsville, Howard M. Bailey, 19, of 117 Central avenue was in the act of overtaking and passing Jay Richards, 46, of Youngsville, when Richards decided he too should pass. The resultant wham inflicted an estimated \$250 damage to the Bailey machine, \$500 estimated to Richards vehicle.

On Route 6 at 1:30 a. m., Russell A. Graham, 40, of 304 West Franklin street, Phenix City, Ariz., collided with Ira Frick, 38, of Edinboro. Graham had \$300 damage, Frick \$50.

Claud W. Bluck, 69, of 320 East Fifth street was heading north off Hickory street bridge at 11:50 a. m. Saturday and Arthur J. McDonald, Sr., 65, of 11 Bradley street, was driving east on Pennsylvania avenue. Both claimed the light, damages were not estimated.

On Sunday afternoon about 4:15, two boys and a girl escaped injury when their car flipped twice on Route 27 just north of Grand Valley.

The young lady was Susan Bailey, 14, of Youngsville. Driver of the car was David Ropp of Titusville. He told officers he was following a slow-moving woman driver who suddenly jammed on her brakes. Ropp averted to avoid collision, hit the ditch and rolled. The 1950 Buick was damaged to the extent of \$500 when it rolled over twice. The woman driver stopped to see if anyone was hurt, then drove off without leaving her name.

Times Topics

LIONS' MEETING

Business of a routine nature will be taken up at the Tuesday luncheon-meeting of Lions Club, 12:10 p. m. at the YWCA activities building. Reports will also be presented by Mrs. Smith and Mrs. Duncan.

BROOD STARTS FEUD

Paul J. Parolari 46, of Brockway is in Warren State Hospital today undergoing sanity tests. Parolari brooded five years over a disputed piece of land, climaxed the feud by shooting 67-year-old Pietro Ceriani to end the argument. Parolari had built a hunting camp on the land. The man pleaded innocent to a murder charge.

EMERGENCIES

Treated at Warren General Hospital the past weekend for emergencies were Oscar Larson, 1022 Spring street, left foot injury; Sam Griffith, 658 West Main St., Sheffield, lacerated third and fourth fingers; Pete Bieterman, 546 Crescent Park, left ear laceration.

SECURITY AGENT COMING

Social Security representatives are in the State Armory, Hickory Street, every Tuesday and Friday between the hours of 11:00 a. m. and 1:00 p. m. The representatives are in Warren county to assist those persons in Warren County, who wish to file applications for Social Security payments and Disability payments.

PRICE OF MILK DROPS

A seasonal drop in the price of milk delivered in Warren county has been announced by local dealers. Wholesale prices will fall throughout the state except at Erie and Scranton. An additional one-half cent reduction a quart goes into effect on milk purchased in half-gallon containers. These differentials are authorized in Philadelphia, Allentown, Johnstown—Altoona, Erie and Pittsburgh.

SUN OIL REDUCES PRICES

A special release from Philadelphia says The Sun Oil Company has reduced its tankwagon (wholesale) price of gasoline by seven-tenths of a cent per gallon throughout Eastern Pennsylvania.

The new price is 14.6 cents per gallon, exclusive of state and federal taxes totaling nine cents per gallon. The price change is the third made in Eastern Pennsylvania since January 12. On that date Sun advanced its price eight-tenths of a cent per gallon. On February 1 the company's price was reduced a similar amount, offsetting the January 12 increase. The last cut brings the price below the level prevailing in 1953. The reduction was made to meet competitive conditions, the company said.

KEARNS MAIL HEAVY

Congressman Carroll D. Kearns of the 24th District, who writes a newsletter to voters in his region, has reported that his mail during the first three months has been the heaviest in the last ten years. Congressman Kearns said the response to his first newsletter of the session was most gratifying, and all comments are appreciated. The subject of his mail, according to volume, is as follows: Cut the Budget (no one for an increase); For and Against School Construction (sometimes mistakenly referred to as Federal Aid to Education, which implies Federal Control); For and Against Increase of Coverage under the Minimum Wage Law; Increase in Pay for Postal Workers; Increase in Old Age Pensions; Improve Railroad Retirement Legislation; Further Implement the Recommendations of the Hoover Commission; For and Against Strengthening the Robinson-Patman Act (dealing with monopoly and price discrimination); Relief for Farmers; Tax Relief; and hundreds of letters on Departmental Matters and Miscellaneous Legislation.

STAMP OF APPROVAL— This one-penny "Post Office" Mauritius stamp recently brought \$12,600 in a London auction. The 110-year-old stamp bears a likeness of Queen Victoria and is described as having "very minor defects and good margins." Current catalogue values it at slightly more than the price it drew at the auction.

MODERNIZED— Something new has been added to the traditional crossed gun-barrel insignia of the Army's artillery branch. It's a guided missile that brings the device up-to-date for the atomic age.

HONOR WRITER— In a new series of four stamps, Portugal honors one of the immortals of Portuguese literature, Joao Baptista de Almeida Garrett, who lived from 1790 to 1854. The one-escudo stamp, shown above, is dark sepia. The others are in violet, green and red.

The commission found that the GSA and School Building Authority do "much the same kind of work in constructing buildings and renting them to the state."

It said that existing law permits the GSA to construct school buildings.

The commission also recommended that some of the school authority's staff be transferred to the GSA although "in a consolidation some reduction in inspection and accounting staffs as well as in travel costs would seem to be possible."

One Killed and Another Hurt in Mercer Accident

Mercer, (P)—Homer A. Black Jr., 20, of Grove City, R.D. 1, was in Cottage Hospital today with injuries suffered in an auto crash that killed his companion.

Black and his companion, John V. Lanigan, 23, of Grove City, were injured Saturday night when their auto overturned on Shannon Road south of Mercer. State police said they were chasing the car for a speeding violation. Lanigan was dead on arrival at the hospital. Black was listed in critical condition at first but was removed from the critical list last night.

Eleven Meet Accidental Death on State Highways

By The Associated Press
Eleven persons met accidental death in Pennsylvania over the weekend, nine of them on the highways including three soldiers killed in one crash.

The soldiers were in a car which failed to make a curve on U.S. Route 40 near Washington, Pa., and smashed into a tree early Sunday. Dead were Dale De Haven, Baltimore; William H. Day, Caneyville, Ky.; and Cecil Carroll, Bristol, Va. Four other soldiers, also stationed at a Nike detachment near Irwin, were in-

Marcus, his brother Hyman, 50, an attorney, and Marcus' son-in-law Martin J. Rosene, 36, were under federal indictments charging misapplication of bank funds and making false entries in bank records. They were scheduled to face trial Sept. 23.

The Southmoor bank is where former Republican State Auditor Hodge cashed more than \$600,000 in fraudulent state checks.

Hodge, former Southmoor President Edward A. Hintz and Edward A. Epping, former office manager for the high state official, are serving prison terms in connection with Hodge's theft of nearly two million dollars in state funds.

The indictments against the Marcus brothers and Rosene alleged unlawful diversion of bank money from real estate loans.

pass laws of reprisal, laws of punishment."

The committee, in recess for a few weeks, has undertaken a search for evidence of racketeering in both labor and management. So far, it has concentrated on activities of certain leaders of the giant Teamsters Union.

It has heard testimony that union funds were used to finance real estate investments and to pay for racing stables, lavish homes and other personal outlays of these officials.

The ADA, which met here over the weekend in its 10th anniversary convention, adopted a resolution urging a bill to require full public disclosure of all transactions involving union welfare and pension funds. The organization, which labels itself nonpartisan and "liberal," also called for "forthright enforcement of laws punishing embezzlement of union funds."

Decrease Shown in Hunting Accidents During Past Year

(From the Weekly Newsletter issued by the Pennsylvania Game Commission)

Encouragingly, accidents caused by hunter gunfire in Pennsylvania during the entire year 1956 was 476. The total was fewer by 71, or 13%, than in 1955.

However, it is hardly excusable for a person to shoot himself or another because of carelessness, lack of emotional control, greed for game or a desire to prove himself a mighty nimrod. Hunting accident investigations by Game Protectors reveal lack of firearms training and field experience often prove to be the basic causes of human shootings. This is true more especially in the case of youngsters under 16 years of age who go hunting unattended by an adult, though the law requires a mature person be along.

Hunter casualty reports also show that adults as well as youths will add materially to their own protection and that of others if they will but use common sense, learn the cardinal points of gun safety and put a brake on any sudden urge to shoot until certain of their wildlife target. It must be recognized that the difference between a person being accidentally injured, killed or missed completely is simply a slight change in the direction the hunter's firearm is pointed at the time it is discharged.

Proof of this statement is found in the Pennsylvania hunter accident tabulation for 1956, which shows: 11 persons met death and 63 were injured when guns in the

hands of hunters discharged accidentally; 9 others died and 194 were wounded because hunters did not see the victims were in the line of fire; 4 persons were shot fatally and 27 non-fatally because hunters slipped and fell with the gun safety off; and 4 humans came to their end and 9 were wounded when shot in mistake for game.

Such unfortunate accidents marred the enjoyable sport of hunting for a very small percentage of the nearly million persons who benefited from trips to the field in Pennsylvania last year. All sportsmen should strive to observe the rules of gun safety while afield in 1957. By so doing the comparatively safe, wholesome sport of hunting will maintain its recreational aspects, and the regrettable and unnecessary injuries will diminish in number.

Popular Character Actor Dies of a Heart Attack

Santa Monica, Calif., (P)—Gene Lockhart, a versatile performer who was seen or heard in half a dozen entertainment mediums during his 60-year career, died of a heart seizure yesterday.

The pudgy-faced actor, director, author and composer was perhaps best known for his character roles in the movies. He appeared in more than 300 films.

Lockhart, 66, had been hospitalized here Saturday night after complaining of severe pains. He had not been in apparent bad health and was working on a television show.

With him at his death were his wife of 33 years, Kathleen, and his actress daughter, June Lockhart.

President Back White House After "Slow Drive Home"

Washington (P)—President Eisenhower was back at the White House today after a comparatively slow-paced drive from Gettysburg.

Returning yesterday from a weekend of rest at his farm, Eisenhower kept to the 100 mph speed limits throughout most of the 85-mile trip.

When he rode to Gettysburg yesterday, his car—driven by a Service man—moved at a speed of 70 to 75 miles an hour much of the way. This was well above the 55-mile limit.

Newsman, following the president in several cars, had no trouble keeping up on the return. But on Friday, they were slowed down to the 55-mile-an-hour limit by police in Montgomery County, Md. Later they stepped up to as much as 100 mph to overtake the President. The homeward drive was over a different route than followed Friday. The President's car halted for every stop sign, red light, although a Pennsylvania trooper waved the through one red light.

SOLDIERS KILLED

Washington, Pa. (P)—Soldiers stationed at an aircraft Nike site in Irwin were ed yesterday when their auto a tree on Route 40 two miles of here. Four other soldiers in the same auto were injured. Leo said the car failed to take a curve.

Bob Baker Favored Over German In New York Bout Tonight

By MURRAY ROSE
The Associated Press
Mario D'Agata, 30, Italian deaf-mute, risks his world bantam-weight crown tonight against undefeated Alphonse Halim, 25, of France in a 15-rounder in Paris.

On the domestic scene, strapping Bob Baker, veteran Pittsburgh heavyweight contender, is favored over Germany's Willie Besmanoff in the 10-round television feature (Dumont 10:30 p. m., EST) at New York's St. Nicholas Arena tonight. Besmanoff, 24, a 190-pounder, has won 12 straight but has met no one near Baker's class. A win over the 6-2, 210-pound Baker could move the German into the top flight. Besmanoff's record is 34-6-7. Baker's 47-8-1.

In another interesting fight on the Monday night program, Crowe Peele, undefeated former college champ from Louisiana State, takes on experienced Joe Rowan of Philadelphia in a 10-rounder at New Orleans.

Cuba's Orlando Zulueta subs for injured Paolo Rosi against Joe V. Lapes of Sacramento in the radio-television ABC 10 p. m. EST, 10-rounder at Washington, D. C. Wednesday night.

Early fireworks are expected Friday night when Chuck Spieser of Detroit and Tony Anthony of New York collide in a television 12-rounder. NBC 10 p. m. EST at Detroit's Olympia. The winner meets light heavyweight champion Archie Moore in a title fight at Detroit, June 7.

Former Manager Of Pirates Dies After Lingering Illness

Knoxville, Tenn., April 1. (AP)—Death has claimed baseball's William Adam (Billy) Meyer, major league "Manager of the Year" with the underdog Pittsburgh Pirates in 1918. He died in a hospital yesterday.

The 65-year-old veteran of 16 years as player, manager, scout and "trouble shooter" died of a heart and kidney ailment after a prolonged illness. He retired in 1955 after a stroke left him partly paralyzed in the left side.

Services for Meyer will be held here tomorrow afternoon. He is survived by his wife, two brothers and three sisters, all of Knoxville. Meyer managed the Pirates four years, beginning in 1948 the year he piloted the National League underdogs to fourth place while many predicted the cellar for them.

Before going to Pittsburgh he won several pennants in the minor leagues and became known as a developer of youngsters during 16 years in the New York Yankee organization. He is given most of the credit for developing such stars as Phil Rizzuto, Eddie Joost, Gerv Priddy and Eddie Miller.

Meyer's baseball career started when he signed with his hometown Knoxville club in 1909.

Celebration Held In Sharon Today For Champion Team

Sharon. (AP)—Sharon Bengals, Pennsylvania's scholastic basketball champions and owners of a 28-game victory streak, paused today to celebrate their athletic accomplishments.

A parade, a dance and a dinner were scheduled for members of the team that captured the state title Saturday night by beating Chester High 59-50 at Philadelphia. The Sharon Businessmen's Assn. sponsored the celebration.
Coach Bud Laycock, who played for Sharon when it last won a state title in 1930, and his victorious team returned yesterday by plane and were greeted by a crowd of nearly 5,000.
A motorcade accompanied Sharon from the Vienna, Ohio, airport, eight miles away to the Sharon High School. At the school, Laycock told cheering fans:
"I couldn't single out one boy to praise for the victory. They all played a terrific game."
Laycock used only five men in the championship contest.

Rookie Home Run Champ Is Sent To Coast By Pirates

Fort Myers, Fla. (AP)—Dick Stuart, the 24-year-old outfielder who raised eyebrows at the Pittsburgh Pirates training camp by hitting five home runs, is on his way to the Hollywood Stars in the Pacific Coast League.

Manager Bobby Bragan said Stuart has to learn more about fielding before he breaks into the majors.

Stuart hit 66 homers last year with Lincoln of the Western League. In spring training he hit five homers but struck out frequently while trying for the long ball. His training camp batting average was .226.

Pitcher Roger Sawyer also was optioned to the Stars. Pitcher Bob Garber and infielder Spook Jacobs were traded to the Hollywood club for catcher Harding Peterson and first baseman R. C. Stevens.

Jack Lamabe, a pitcher, was sent to the Pirates minor league camp at Jacksonville, Fla., for re-assignment.

The Pirates must cut nine more players before the April 16 deadline.

Arnold Palmer Winner Of the Azalea Open

Wilmington. (AP)—Although he outshot only four of the 24 other money winners in the Azalea Open golf tournament's final round, Arnold Palmer's 54-hole lead stood up and he eased out with a one-stroke victory that added \$1,700 to his earnings.

The 27-year-old Latrobe, Pa., professional finished yesterday with a lack-lustre 75, three over par on the 6,800-yard Cape Fear Country Club course, but it was good enough for a winning 282 total, one shot less than runner-up Dow Finsterwald of Jupiter, Fla., needed in winning \$1,300 second money.

Palmer's score, on rounds of 70-67-70-75, was the highest posted in nine years of Azalea Open play.

Palmer is the No. 2 money winner this year with official earnings just under \$12,000.

Palmer headed for Augusta, Ga., and the Masters Tournament today.

Erskines Sore And Threatens To Keep Him Off The Team

St. Petersburg, Fla. (AP)—Ca Erskine, who pitched two no-hitters for the Brooklyn Dodgers with a sore arm, admitted today that he was virtually useless this year and would see a physician.

"I haven't been right since the middle of the 1954 season," said the handsome, 31-year-old right hander. "But I've been fighting it. I can't fight it any more, though."

Erskine said he would consult with Brooklyn Vice President Buzz Bavasi, then try to find a physician in New York who could treat his mysterious ailment.

He has been pitching with sore shoulder since 1949, but it never really bothered him while he was working. He simply ignores the soreness.

"But it's been getting worse in recent years," he said seriously. "This spring it's been insurmountable. So, like a lot of people who spend years trying to lick their illnesses, I've given up."

Erskine, who has won 11 games has been in only two exhibition games this spring. He went three innings against Detroit March 17 and was tapped for three hits while walking two others.

Then, last Saturday, he was blasted by the Cincinnati Redlegs.

Phil Thirdsacker Hit By Thrown Ball Is Saved By Helmet

Clearwater, Fla. (AP)—"It's a good thing I was wearing my helmet. If I had my cloth cap on, I'd probably be dead right now."

That was Philadelphia Phillies' third baseman Willie Jones' reaction yesterday after he was hit on the head by a thrown ball during a play at second base in the second inning of the game which the Phils lost to Cincinnati, 3-1.

Jones had singled and was heading for second on a ground ball hit by Roy Smalley. Cincinnati second baseman Johnny Temple grabbed the ball and threw to shortstop Alex Grammas at second for a force on Jones. Grammas let go a bullet throw toward first in a double play attempt. It struck Jones at almost point-blank range.

Jones is one of the few players who wears his plastic batting helmet while running bases. The ball split the peak of his helmet and caromed off to centerfield. The veteran infielder was hurried to a hospital for X-rays, which showed no fracture. A doctor used six stitches to close a cut on his head and said Jones would be able to return to action within a few days.

Haney Decides To Stand Pat With Milwaukee Braves

By JOE REICHLER
Bradenton, Fla. (AP)—The Milwaukee Braves have decided to stand pat because Manager Fred Haney is convinced the same team who frittered away the pennant last year will win it this year. The usual procedure for a defeated club is to try to strengthen its weakest hand, but Haney's explanation sounds plausible.
"Of course, Bobby Thomson and my O'Connell hurt us a lot last year," he said. "But there were other reasons why we didn't win."

One reason was that we didn't get enough hitting. None of our big hitters had a standout season. The other was that we lacked a practiced leadoff man. Of the two, I guess the latter did us the greater harm.
That's easy to understand knowing Haney's style of play. If the leadoff man got on, Fred would hunt whether it was the first or ninth inning. It is his reasoning that a run over the plate is worth two at the bases.
"I honestly believe this team can win the pennant the way it stands right now," Haney said.

Fish Commission Holding Out For \$5.00 License Fee

Harrisburg (AP)—The Fish Commission intends to continue seeking legislative approval of a \$5 fishing license—highest in the land—although the state's organized sportsmen are now on record as endorsing a \$4 fee.
The commission made up its mind against altering its \$2.50 increase proposal, first suggested late last year, yesterday, just one day after the Federation of Sportsmen's Clubs unanimously approved a raise of \$1.50. At present the fee is \$2.50.

At the closing session of its semi-annual convention Saturday, 61 delegates representing 175,000 sportsmen's clubs affiliated with the federation, approved the \$4 fee with the additional million dollars to go to "acquisition, development and management" of public fishing areas. None of the money could be used for hatchery or trout propagation.
Before the federation convention ended it approved a resolution supporting the game commission's current bear program, leaving up to the commission the question of allowing doe hunts.
Other resolutions approved: Request the game commission to abandon last year's experimental seasons which permitted small game hunting on different species at different times.

Pancho Gonzales Decides To Quit Kramer's Troupe

Montreal (AP)—Big Pancho Gonzales' king of professional tennis, today decided to quit Jack Kramer's professional troupe after its last American match May 26.
Plagued by a cyst on his racket hand, Gonzales, who has taken on and licked all comers since he began playing for Kramer, said:
"I need a rest. I've been playing continuously for 18 months and I want to give my hand a chance to heal."
He is leading Ken Rosewall 28-12 in their 100-match series. But the series won't go that long. Thirty more, and Gonzales is pulling out.
Rosewall won the last match in nearby Sherbrooke 6-4, 6-1 Saturday night.

Grayson's Scoreboard

TAMPA, Fla.—(NEA)—Alfonso Ramon Lopez' feet fairly pop out of the Bermuda grass covering Lopez Field.
Senior Lopez is the first manager to conduct his club's training in a park named after him. But that isn't the reason why he walks like a man with a tremendous load off his back.
The White Sox finished third, three games behind the Indians last trip, but Lopez acts and talks like a gent who got a reprieve instead of being ousted in Cleveland.
Unless Jim Landis, a rather inexperienced young outfielder makes it, there will be no change in the Chicago personnel. The old standbys have to improve if the South Siders are to step up. Yet Lopez says, "This has been a delightful spring."

LOPEZ IS FREE of the haggard look he wore most of the time in Cleveland, the kind a manager gets when he wins once and finishes second five times in six years. Leo Durocher should have said, "Nice guys finish second."
Finishing second cultivates ulcers. It's the maximum in frustration.

In Cleveland, all Lopez could do was sit and wait for the big inning—and when the big inning came, the Indians scored two runs.
Lopez took a brighter view of the Cleveland situation at the outset last season.
The idol of the Tampa cigar makers felt that the trade which brought Chico Carrasquel and Jim Busby for Larry Doby would enable the Indians to run more, set up plays and play a little different type of baseball. But the same old holes remained in the infield and things were made much worse when practically everybody stopped hitting.

SO, LOPEZ, to his way of thinking, was kicked upstairs to the Chicos.

"Don't forget that the White Sox beat the daylights out of the Indians last year, 15 out of 22," he reminds.
"I am delighted to be with the White Sox," he says, "for the simple reason I'll get to watch Luis Aparicio play shortstop all season. That will really be something."

Aparicio in his freshman year established himself as the slickest shortstop in the American League, so accepted by no less an authority than Casey Stengel of the Yankees.
Not only is Lopez escaping the Cleveland wolves who booed Al Rosen out of baseball and into the brokerage business, but with Aparicio alongside Nellie Fox at second base, the senior has a double-play combination.

He no longer has to watch base hits slip through the middle or to either side. When a ball is hit in that direction now, someone is likely to catch it or pick it up.

WHERE HE WAS MANIPULATING either statues or fellows who couldn't steal first base in Cleveland, Lopez now is free to play the running game that has Comiskey Park fans shouting, "Go! go! go!"
Aparicio, Jim Rivera and Minnie Minoso are superlative baserunners. Fox can move and so does Bubba Phillips, who is up from Memphis. Doby is an average runner.
"This is a club you can do something with," says Al Lopez. The guy could be right.

Speaking of Sports . . .

Ft. Myers, Fla.—With half of the Spring Training schedule over, Pirates' manager Bobby Bragan is still having difficulty cutting the squad. He has been using a different line-up every day in an effort to give every player a chance to show what he can do. "I plan to start using a set line-up for the last few games in Florida and in the games on the trip home."

Team captain and shortstop Dick Groat doesn't envy Bragan his cut-down decisions. "I've never seen such competition in a camp before," says Dick. "At first I thought the outfield was pretty much set with Lee Walls, Bill Virdon and Roberto Clemente. But now with Roman Mejias and Johnny Powers both hitting over .400, and Dick Stuart hammering out homers, I don't know just how set it is."

Groat sees competition for the infield spots too. "Both Paul Smith and Bob Skinner in addition to R. C. Stevens are pressing Dale Long at first. Gene Freese is right behind Frank Thomas at third and so is Leo Rodriguez. At short and second Bill Mazeroski and myself are getting stiff competition from Johnny O'Brien and Buddy Fitchard. But don't get me wrong," Groat adds, "Competition is a wonderful thing. It makes everyone work harder and is a healthy sign, since it shows the club is really improving."

Getting back to the cut-down problem, Bragan continued, "I've said before that I intend to carry three catchers. At the moment, it looks as though Danny Kravitz will be the first string man because of his hitting. Maybe I'll be sacrificing a little on defense with Kravitz, but I can always use Dick Rand or Hank Foiles in the late innings if necessary."

News from Pittsburgh reaching Ft. Myers included the fact that Bob Friend has been named as one of the City's Ten Best Dressed Men by the Golden Triangle Association. General Manager Joe L. Brown was the sports figure on the "Ten Best" list last season.
KDKA radio and TV will carry the Pirates games this season. All games will be broadcast with Bob Prince and Dick Bingham again manning the mikes, and Saturday road games and the first games of Sunday road doubleheaders will be televised back to Pittsburgh this summer.

George Sieler, former scouting supervisor and now Special Advisor to the Manager, is out of the hospital following surgery and back at his desk in the Forbes Field office.

VENANGO MAN SUICIDES
Edward John Schaming, 57, of Seneca, near Oil City, was found dead in his home at nine a.m. Friday. Dr. Maurice Dunberg, Venango County coroner, said the man was hanging from a rope in the basement and had been dead about three-quarters of an hour when found. The coroner issued a certificate of death by suicide.

Compulsory Years In Active Reserve Are Cut By Army

Washington (AP)—The Army has cut by more than half the length of time youthful reservists must continue training after active duty. It also reduced the total service obligation of draftees and regular Army volunteers.

The changes in requirements for reservists and National Guardsmen were announced last week. They become effective today.

Under the new program, below draft-age youths who volunteer for six months' active duty training will be required to serve three years instead of the present 7½ in the ready reserve, subject to immediate call on active duty.

The ready reserve obligation for Army draftees was reduced from five years to four. Draftees spend two years on active duty, and the reduction means they now will stay in the ready reserve an additional two years instead of three.
Likewise, the total obligation for regular Army volunteers was reduced from five to four years.

Woman Swipes \$76,449 From Husband, Pleads No Defense in Court

Elizabeth N. J. (—) Mrs. Virginia C. Miller, arrested two weeks after her marriage on charges of embezzling funds from her husband's electronics firm, has pleaded no defense to taking \$76,449.

Mrs. Miller entered her plea Friday to a Union County indictment which covers a period from Oct. 9, 1955 to Nov. 2, 1956, when she worked as an office manager for the Fulge-Miller Laboratories Inc.

Mrs. Miller is accused of embezzling a total of \$140,000 from the firm over a three year period by payroll padding. Authorities have quoted her as saying that she took the money to buy gifts for her relatives and spent \$40,000 to \$50,000 on a home.

The embezzlement was discovered when Mrs. Miller quit her job to marry her boss, Conrad Miller, 38-year-old secretary-treasurer of the firm.

HAY CUTTING TIME
About a week ago hay was cut and corn was picked on the Lloyd Joslyn farm near Diamond. It was on fields too wet for machinery last fall. The hay was baled to be used for bedding down livestock, and the corn was picked for pig feed.

SALE OF DEER HIDES
Deer hides totaling 2,681 were collected by Game Commission personnel last fall and winter and sold to the highest bidder. The Game Fund was enriched \$4,714.77 by this transaction. The hides were from deer killed illegally, accidentally and for crop damage in late 1956 and early 1957 and turned over to Game Protectors.

Pennsylvanians in Orlando, Florida, Enjoy Annual Picnic

(Special Correspondence to the Times-Mirror from Mrs. W. R. White 2119 Grant St., Orlando, Fla.)

The eighth annual picnic of Western Pennsylvanians, both permanent residents and visitors residing in and around Orlando, Florida, was held March 14 at Rock Springs Park. There were about 200 present representing 42 cities and towns of Pennsylvania. The weather was ideal and the basket picnic was enjoyed by both old and new friends.

After singing one verse of America and giving the Salute to the Flag, the invocation was given by R. E. Forrward of Johnstown.

At a short business meeting the following officers were elected for next year: H. Eluoli Greensburg, president; D. B. Higby, Meadville, vice-president; Mrs. W. R. White, State College, secretary; Miss Edna Grove, Greenville, assistant secretary; and R. E. Forrward, Johnstown, treasurer. Much of the afternoon was spent in visiting with old and new friends.

Among those present were Warren, Pauline Carpenter, Nellie M. McInch, St. Val's, Mrs. James Quinn, O. C. M. and Mrs. Louis Kraft, M. and Mrs. Robert Kraft, M. and Mrs. A. J.

A late report on the Red Cross solicitation of Corydon community, given by Mrs. Hazel Benton, chairman, amounted to \$20, with some further additions hoped for.

\$8,000,000 Plane Explodes in Flight

Tulsa, Okla. (AP)—A giant B52 jet bomber, costing 8 million dollars, exploded in a "bright ball of flame" Friday, killing two crew members as it crashed into a farm pasture about 15 miles north of here.

Two other crewman parachuted to safety. Both were hospitalized, one of them in critical condition.

All were Boeing civilian employees on an experimental flight from Wichita, Kan.

Farmer Costs, Profits Are-Up in Past 30 Days

Washington (AP)—The Agriculture Department says farmers received 1 per cent more for their products between mid-February and mid-March, partially offsetting a 2 per cent decline in the previous month.

The department also announced yesterday that average farm production and living costs advanced about one third of 1 per cent, setting a new record.

Mid-March prices were 3.78 per cent higher than a year ago, but about 26 per cent below the record level reached in February 1955.
